Naval Supply Systems Command (NAVSUP) Naval Supply Transformation (NST) IDIQ

Quick access to solving Navy's most critical challenges

NAVSUP manages supply chains that provide material for Navy aircraft, surface ships, submarines, and their associated weapons systems. For Navy supply chains to operate efficiently and effectively, improvements are needed to better achieve End to End (E2E) supply chain orchestration, integration, and synchronization of all stakeholder activities. As such, NAVSUP and other Department of the Navy (DON) commands have embarked on a number of large, complex transformational initiatives to optimize the supply chain and improve readiness.

Team Grant Thornton has been awarded a prime contract to support DON Leadership in managing and improving Navy logistics and enable Naval transformation initiatives at the enterprise and command level. This IDIQ provides leaders with advisory and assistance service across a wide range of functions including:

- NAVSUP and DON Enterprise Transformation
- Supply Chain and Logistics Technology
- Perform To Plan (P2P) Logistics
- Achieve End to End Integration
- Establish Demand Management
- Shape the Industrial Base
- Increase E2E Velocity
- Optimize Navy Working Capital Fund (NWCF)

This contract provides cutting edge and commercially proven solutions to the Navy, designed to address the Navy's most critical and complex challenges and transformational opportunities.

Fast

- Awards are achievable with the following Task Order Response guidelines:
 - Expedited – 3 calendar days
 - Standard – 10 calendar days
 - Extended – 30 calendar days
- This IDIQ is a Pre-competed contract vehicle with significantly streamlined source selection
- Contact the Government POC to place a Task Order

Facts

Contract: NAVSUP NST IDIQ #: N0018921D0022

Expiration date: September 14, 2026

Government POC: Heather Coleman
(heather.coleman@navy.mil) – 757-443-2066

Our team

Grant Thornton has a strong team of large and small businesses with significant commercial, Naval and other public sector supply chain and transformation experience.
